### \*Rain Plan Tenting & Deposit Policy

To reserve rain plan tenting while planning for bistro lighting on poles, a 25% non-refundable rain plan deposit is required at the time of contract for the selected tent package to secure tent inventory and scheduling. The final decision to proceed with the tent or release it in favor of bistro lighting on poles may be made the week of the event, subject to availability and scheduling. If the tent is released, the rain plan deposit remains non-refundable.

If bistro lighting on poles is contracted without a rain plan deposit, tent availability cannot be guaranteed in the event of inclement weather.
